What did you like best about this course?

Sr No.	Comments
1	That it was specific to architecture
2	I liked the module of organization and ordering principles the best as it introduced the concept about finding the organisation principles behind buildings and learning how the organisation of a building can be strengthened or weakened by adding some mass to the existing building.
3	The course helped me develop a basic character of what architecture is.

What would you like to change about the course?

Sr No.	Comments
1	Theoretical elements could be added
2	Nothing.
3	The course can be developed further with better modules and less repetition of the work.
