What did you like best about this course?

Sr No.	Comments
1	The commitment to the formal language that the students arrived at in later stages
2	I liked the part that it pushed my boundaries to think Abt the building form and interpreting it Also the representation style
3	.
4	The studio was well laid out.
5	-
6	nothing
7	Learning how to use digital tools.
8	Helped me learn a different menthol of thinking along with a lot of softwares.
9	Need more architectural basis
10	The studio had a very enjoyable learning process.A lot of software skills were gained along with better designing and analytical skills along with time management.
11	well structured
12	It provides an exposure to the existing and up and coming methods and workflows in architecture.
13	-
14	Course offers learnings very different from other studios where architecture is taught through plans and sections. Learnt to think out of the box. Both the tutors explain through a lot of exisiting architectural projects which gives an insight into the real world.
15	It gave a new perspective and taught me a lot of software skills

1	Set a great example for the studio to follow
2	-
3	He was available all the time for a discussion and also kept extra sessions for individual students if they had any doubts. That turned out to be really helpful.
4	He is a very punctual tutor who was always ready to help us and give discussions and solve our doubts. He was very good at teaching softwares, and apart from that was always very considerate about our ideas and gave his valuable insights and feedback about our design. Discussions with him were also always nice. Overall he is one of the best tutors at Cept.
