

COURSE TITLE : Mud Your Hands: Constructing Timbrel Vaults

COURSE CODE : S23FA009

FACULTY : Faculty of Architecture	NO OF STUDENTS : 22
	NO OF RESPONDENTS : 20

INSTRUCTOR NAME: Sankalpa	NO OF RESPONDENTS : 20
---------------------------	------------------------

STUDENTS REGISTERED BY FACULTY						
Name Of Faculty	FA	FD	FM	FP	FT	Total
No. of Students	14	2	0	3	3	22

Percentage(%)	64	9	0	14	14	100%
---------------	----	---	---	----	----	------

- **Course Average(COR AVG):** This is the average of the total responses for this course. For example, for Studio IV, out of total 32 students 28 have responded, the Average represents the mean of all 28 responses.
 - **Individual Average(IND AVG):** This is the average score of the total responses for this instructor. For example, for Studio IV, out of total 32 students 28 have responded, the Average represents the mean of all 28 responses.
 - **Faculty Average(FAC AVG):** This is the average of all responses for similar course type within the Faculty. For example, Faculty average of Studio IV offered by FA, represents the mean of all responses for Studio courses offered in FA during the given semester.
- Scale: 1 = least agreement with the statement, 5 = most agreement with the statement

Course Comments

Sr No.	Comments
1	The structure could have been more sensibly organised .
2	Course could be little well structured as it had more students than required
3	Well structureed
4	The course taught me valuable skills and was quite interesting to learn. The grading system wasn't well defined and didn't directly relate to the work done otherwise the course was quite enjoyable.
5	The course was an immensely important opportunity for students to gain hands on experience of a basic building material like brick but with complex challenge of parametric form, bamboo formwork, Plaster of Paris as binding material making it an excellent experience with the help from the guidance of Sankalpa sir and Neel sir along with Likhiniya who provided us with the technical knowledge, skills and endowed their experience.
6	
7	Loved the course just a small but really really important change to reduce the number of students from 22 to max 12. Anything more thrn 12 start to be a real problem.

Instructor Comments

Instructor Name: Sankalpa _

Sr No.	Comments
1	Helped keep team spirits high when things were difficult
2	no comments
3	He has the vision of entire course
4	He is a very knowledgeable faculty and made discussions more interesting.
5	Sankalpa sir exhibited his experience in working with bamboo and tackled design problems. This brought new insights. Time management was another thing which we learnt.
6	
7	Reason for taking thecourse, would love to learn more from him anyday anytime.

Instructor Comments

Instructor Name: Neel Jain

Sr No.	Comments
1	Provided Quick solutions to problems need little bit more of your time.
2	no comments
3	Technically helped us to understand some details
4	He had good knowledge of the course material and taught us innovative ways of designing and testing similar structures as taught in the course.
5	Neel sir was prompt in explaining elaborately the working of things and the reasoning behind nomenclature and processes. He also encouraged to take up newer skills that helped in developing a better skill set.
6	
7	Loved his attitude towards us and him always being ready to explain me properly anything at anytime being in middle of something also. One of the best persons i ever met.
